Product Description

Simply our best-selling terry towels. . Our Grade A/B terry towels will help your organization save money when compared to similar Grade A terry towel programs. What makes a terry towel a Grade A/B towel? Grade A/B terry towels are new terry towels consist of A Grade + B Grade. B Grade are in low percentage and may have some of the following characteristics: • Small defects: thread pulls, over stitching, small stains, variance in optical whiteness • Job lots: overproduction, end of lines • Variation in towel dimension or finished weight The power of terry towels lies in the cotton loop construction which provides more surface area in which to absorb liquids and trap dirt and debris. Tip: Washing and drying terry towels before initial use with open up the towel's fiber and remove lint. Industrial grade terry towels are made with lower quality grades of cotton yarn and it is normal to experience some shrinkage in towel size.

Features

- Terry loops are excellent for absorbing large amounts of liquid
- Terry loops are excellent at trapping and holding debris
- Terrycloth is soft yet durable
- Color-coded for cleaning programs
- All white, and blue, green, and yellow stripes are available
