

14" 260 GSM MICROFIBER SCRUB CLOTHS

Product Description

Clean with ease using scrub knit microfiber cloths. Perfect for scrubbing or wiping most surfaces. Great for chemical-free cleaning, but can also be used with household cleaning products. Microfiber cloths are used in many professional cleaning tasks because they easily trap dirt, water-based liquids and oils. Microfiber cloths can be washed 100's of times, but bleach and fabric softeners should be avoided.
