Product Description

Clean with ease using multipurpose microfiber cloths. Perfect for dusting, polishing and light scrubbing most surfaces. Great for chemical-free cleaning, but can also be used with household cleaning products. Microfiber cloths are used in many professional cleaning tasks because they easily trap dirt, water-based liquids and oils. Microfiber cloths can be washed 100's of times, but bleach and fabric softeners should be avoided.

Download Care Instructions PDF

Features

- Color coded for cleaning programs
- Terry knit construction for dusting, polishing, and soft scrubbing
- Try chemical-free cleaning
