

BLU-TUF P80

SKU: P80

Hospitality

Product Details

Package Format	Flat pack
Package Quantity	N/A
Product Size	12"x12"
Product weight	
Product Color	Blue
UPC code	N/A
Inner quantity	N/A
Inner Dimensions lxxh	N/A
Inner weight	N/A
Case Quantity	1000
Case Weight	14 lb
Case Dimensions	12.5"x12.5"x12.5"
Pallet Quantity	40
Ti: Cases/layer	4
Hi: Layers/Pallet	10
Package Dimensions	N/A

Available In

Product Description

US FDA 21 CFR Test Report

[Download Test Report](#) Spunlace wipers are manufactured without the use of binders or chemical adhesives. They are constructed by high pressure water jets hydroentangling fibers into a synthetic interlace web – also referred to as spunlacing. Wood pulp fibers and a polypropylene interlace web are common components in these wipers, but other fibers and webs can be utilized. This hydroentangling process creates an incredibly strong nonwoven wiper that has extremely good wet and dry strength and is compatible with chemical solvents. Blue color wipers help hide some of the grease and grime resulting in less wiper waste. Reusable wipes: their durable construction allows these wipes to be reused for multiple jobs Pros: Solvent friendly*, Very durable, Low lint, absorbent, Cloth-like feel Cons: Expensive if used as a disposable wipe, moderately soft

Features

- Excellent water absorbency
- Solvent friendly
- Washable and reusable
