Product Description

These blue string knit gloves are constructed from our heaviest gauge of poly-cotton (25%/75%) fibers to produce our thickest string knit glove. Unlike 100% cotton gloves, polyester fibers prevent shrinking and improve durability. The seamless construction ensures maximum comfort while allowing for reversible wear. Use as an economical medium to heavy weight work glove, hand warmer, or as glove liners. Washable and reusable.

Features

- Great durability
- Good abrasion resistance
- Blue hides the dirt
- Best thermal protection
