Product Description

Our hazmat sonic bonded meltblown sorbents are colour coded yellow to comply with hazmat regulations. These sorbents will absorb all types of liquids. Constructed from high grade polypropylene. Use Hazmat sorbents for aggressive chemicals. Typically hazmat spill prevention programs are stocked with heavy weight sorbents to ensure maximum absorbency in the event of spills.

Features

- Absorbs both oil and water
- Sonic bonded for increased strength
- More absorbent than medium and light weight pads
- Used in industrial clean-up and spill prevention
