

HIGH DEXTERITY WINTER CUT RESISTANT GLOVE

SKU: DLNG-W

All Season Gloves

Product Details

Construction

- Latex HPPE (High Performance Polyethylene) palm
- Nylon/steel fiber outer shell construction
- Inner construction brushed acrylic

Attributes	Value
Package Format	Retail Tag with a Hook
Package Quantity	12
Product Size	S, M, L, XL, XXL
Product Measure	9.5 x 5.5 x 2
Product weight	0.33 LB
Product Color	Grey / Black
Inner quantity	12
Inner Dimensions lxxwxh	10 x 5.5 x 10
Inner weight	4.2 LB
Case Quantity	6
Case Weight	27 LB
Case Dimensions	18 x 12 x 18
Pallet Quantity	36
Ti: Cases/layer	8
Hi: Layers/Pallet	4
Package Dimensions	72

Product Description

When choosing high dexterity gloves, you are choosing a category of gloves that have been constructed from the best combinations of knit liners and palm dips available. Compression knit liners are the secret behind high dexterity gloves. Comfortably form fitting to your hand they allow you to perform fine hand manipulations without experiencing hand fatigue. These liners are predominately knit from either cotton for breathability, nylon for memory fit retention, or polyester for economic value. The palms are dipped in compounds such as Nitrile, Latex, PVC, and Polyurethane, depending on the performance requirement of that style. Different thicknesses and finishes within each dipping compound will also enhance certain performance characteristics. Generally, Nitrile offers the best durability, latex the best cool weather flexibility, PVC foam the best wet grip and Polyurethane the best dexterity.

Features

- ANSI Cut Level A8
- En Cut:2003 cut level 5
- EN Cut 388:2016 ISO Level E
- Great comfort and warmth
- Great grip in wet conditions
- Stays flexible even in extreme cold
