Product Description

Unsupported chemical resistance gloves, sometimes called household gloves, provide a good solution for tasks requiring moderate chemical and abrasion resistance, while also being reusable. Unsupported gloves come in different materials depending on the chemical resistance required and can have different cuffs and grips. Ideal for: Food processing, Commercial cleaning

Features

- 12-inch length provides liquid protection
- 19 mil thickness
- Raised Fishscale grip
- Lightly chlorinated for easy donning and doffing
- Size stamped on each glove
