Product Description

Scrim Reinforced Wipes are cellulose-based nonwoven constructed with a nylon web "scrim" between multiple layers of paper (generally 2ply or 4ply), this nonwoven wiper has better absorbency and wet strength. When compared to conventional paper towels, white wipers are ideal for use in wiping applications where detecting grease and grime residue is essential. Scrim wipes are best suited for low-cost wiping needs.

- Limited use wipes: use once and dispose
- Pros: Low cost, Strong, Absorbent, Low linting
- Cons: Can't be used with solvents, not soft

Features

- 2 ply construction
- Great water absorbency
- Great wet strength
- Grease and grime detection
