Product Description

White thermal wipers are interchangeable with white t-shirt wipers. However, their waffle weave construction is better for soft scrubbing tasks. White wipers are ideal for use in wiping applications where detecting grease and grime residue is essential. A great wiper for use in wiping applications using solvents. This wiping cloth is an excellent choice for painters, maintenance crews or the DIY trade.

Features

- High cotton content
- White wipers
- Soft scrubbing
- Grease and grime detection
- Solvent friendly
