Product Description

Vinyl (polyvinyl chloride) gloves are a low-cost alternative and offer a looser fit. Vinyl gloves are popular in the food service industry where many glove changes occur. Regardless of the type of disposable glove that you choose, differences in glove thickness, cuff length, texturing, and colour will also effect personal protection, ease of use and facility compliance. With our wide variety of disposable gloves available, we make it easy to find the right glove for the job.

Features

- Powder-free
- Smooth finish
- Ambidextrous
- Extended Cuff for Extra protection
